WIFE WHO SHOT HUSBAND BROUGHT BEFORE COURT Mrs. Diego Zagarra Not Put to Plea-

Husband Growing Weaker. Mrs. Diego Zagarra who shot and criously wounded her husband Mon-ay morning was brought before the day morning was brought before the court Tuesday morning charged with assault with intent to kill. Although the charge was explained to her by an interpreter she was not put to plea. She stated that she did not know whether she wanted counsel or not, but that she was willing to do whatever the court thought best.

Although the woman has made a complete confession of the deed she does not seem to realize the position she is in, as she shows no signs of nervousness to all outward appearances. She appeared with her left arm in splints as the result of accidentally shooting herself when she pushed her husband on to the bed.

Mrs. Zagarra is to be held awaiting the developments in the condition of her husband, who was reported Tuesday afternoon as being much weeker.

MAYOR DUNN FOR CONGRESS. That Astute Politician Isn't Saying Word, But His Friends Are.

The politicians of this district are busy these days forming their plans for the coming elections. Already some names have been mentioned as for the coming elections, Already some names have been mentioned as possible candidates for the different offices, and probably the one to attract the most interest locally is the mention of Mayor Daniel P. Dunn's name as a candidate for congress. The mayor is very well known in Windman and New London counties, and almost as well in the other counties that go to make up the 29th senatorial district, and it is thought by the leaders of his party and his many friends that he would be a strong candidate to put in the field. As yet Mayor Dunn has made no statement in regard to his name being used, but it is thought that he will agree to run if his friends desire his nomination. Another side was put on the case Tuesday when Congressman Freeman of New London, who in all probability would be the mayor's opponent, should he runcame to this city to attend the caucus in the town hall. Some eignificance

came to this city to uttend the caucus in the town hall. Some significance is put on his visit by the politicians of the city.

Another name which will have the local interest is that of Matthew P. Healy for town tax collector. It is understood by the many friends of Mr. Healy that he will be a candidate for the nomination, and it is thought that his name will be up at the next election.

BIRD AND FISH STORY. Wilson Liner Colorado Crew Saw a Huge Albetross Kill a Whale.

Boston, Ang. 29.—"Aeroplane on the port how, destroying a submarine," was the cry from the lockout on the Wilson liner Colorado a few days ago during the voyage from Hull, Eng., which gave officers and men an opportunity to see a stirring battle in midecean. In describing the experience today, some of those aboard said they saw first what appeared to be sails or wings flapping up and down, as if a great bird were swooping to attack an object below. Rising from the water during the brief lulls in the attack, a long, black, rounded body appeared. Fora time the spectators believed the lookout's call was correct, but closer approach, they said, showed that the figures were those of a great albatross or a sea monster with large fins, and a whale, which it had killed.

New York, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. The secret, he suid, was taking frommuxated iron had filled him with renewed life. At 30 he was in bad health; at 48 careworn and nearly all in.
